

# SUPPLY CHAIN GREEN HOUSE GAS EMISSION BY INDUSTRY

Industry (NAICS)

All

Avg Emissions (With Margins) kg CO<sub>2</sub>e / USD

**0.386**

Avg Margin Emissions kg CO<sub>2</sub>e / USD

**0.028**

Avg Emissions (Without Margins) kg CO<sub>2</sub>e / USD

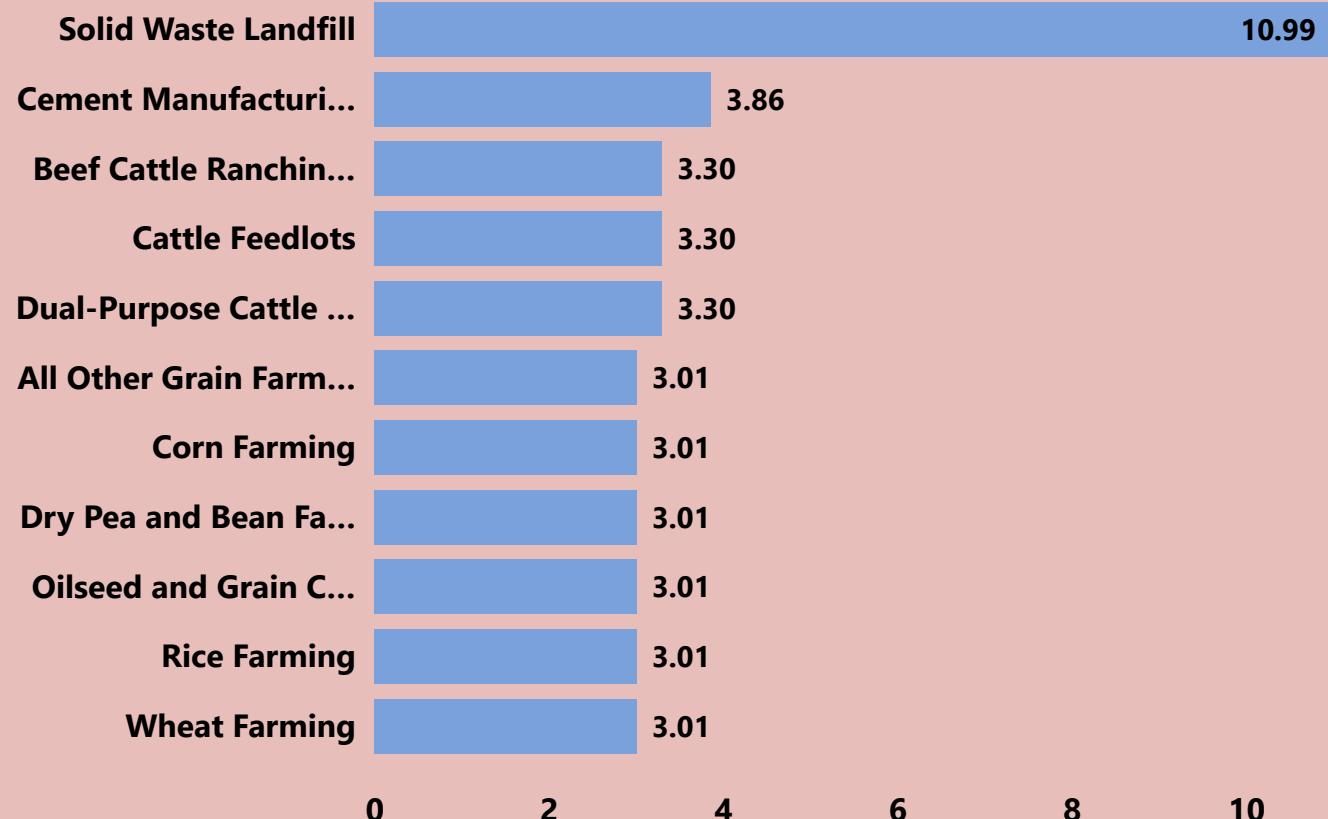

**0.358**

## Emission Intensity by Industry: With vs Without Supply Chain Margins

● Avg Emission Intensity (Without Margins) ● Avg Emission Intensity (With Margins)

## Top 10 Industries by GHG Emissions per Dollar Spent

**Insight:** Waste management and heavy manufacturing industries exhibit the highest GHG emission intensity per dollar spent, with supply chain margins contributing materially to total emissions.
